Can you make it button change language?

If you save Audio[Xinapes] in the type section, please change it to Create Audio phrase instead of save

If you save Audio[Deep Brain] in the type section, please change it to Create Audio phrase instead of save

If you save Video in the type section, please change it to Create Video phrase instead of save

Please change it while looking at the upper and lower case letters when writing in English. All of us are not good at English, so we have to work hard together
